The wheelchair can help him more easily to move around even his house and visiting his relative

also help his wife and children for planting around.

CMC, all disabilities people and their families want to thanks everyone in Japan who helps sending

wheelchairs to help our people in Cambodia. We want to thanks especially to the Wheelchairs of Hope, you have given our people hope and you put a smile on their face, most importance of all you give them the ability to move around. Thank you very much from the bottom of our heart, we pray that you will continue to send more wheelchairs to help our people in Cambodia

May God bless you and your ministry in Japan
