

**Cambodian Ministries for Christ
Cambodia Report on Wheelchair
For June to September 2019**

From June to September 2019, CMC national office has donated the last three wheelchairs to the three disabilities people are living in the different districts and provinces

1) Mrs. Chin Pich, she is 75 years old; she is living with her son they are the farmers at Trapaing Korng village, Trapaing Korng commune, Samrong Tong district, Kampong Speu province. Chin Pich had a high blood pressure and stroke in half of her body, doctor found out some part of her artery has blood clots and cut, doctor cannot treat her since 2017. From the time that she had high blood pressure she is disabling to moving around, she is only stay at home and sometime alone, some time with her grandchildren when they returned from school, she is sitting and laying on the bed all the time. Since she was diseases from high blood pressure she could not moving herself without someone helping to carry her around to bathroom and sitting to get fresh air outside her house, she must be waiting on bed inside the room until her children and or grandchildren returned from work and or from rice field. There is only the wheelchair of hope can help children and grandchildren more easily to carry her to sit outside bedroom seeing people around her and can go to visiting her neighbors from house to house instead of staying on bed in bedroom all the time.

2) Mr. Chan Sokea, he is 41 years old; he is living with his wife who is a farmer and four children are the students in a small house in Trapaing Korng village, Trapaing Korng commune, Samrong Tong district, Kampong Speu province. Chan Sokea is a former primary teacher, he had a high blood pressure and stroke in half of his body, doctor found out some part of his artery has blood clots and cut, doctor cannot treat him since 2018. From the time that he had high blood pressure he is disabling to moving around, he is only stay at home and sometime alone, some time with his children when they returned from school, he is sitting and laying on the bed all the time. Since he was diseases from high blood pressure he could not moving himself without someone helping to carry him around to bathroom and sitting to get fresh air outside his house, he must be waiting on bed inside the room until his children and or his wife returned from work and or from rice field. There is only the wheelchair of hope that can help his children and his wife more easily to carry him to sit outside bedroom seeing people around him and can go to visiting his school, neighbors and from house to house instead of staying on bed in bedroom all the time.

3) Mrs. Kim Savooun, she is 57 years old, a widow living with her daughter who is a student, they both living in a small rental house in Phnom Penh city, Savooun is a Christian going a church near her rental's house, In 1996 Savooun has had an accident by car is hit into her body from behind when he was traveling on the road to sell fruit, then she got injured from her backbone and hipbone, she stay in hospital for almost three months for treatments and to get recover back, but unfortunately after left hospital her body could not moving because part of her backbone and hipbone are broken

cannot heal, from hip to both of her legs is hard and weak. Since that time Savoeun never has a chance to walk by herself or walk to sell fruit from place to place any more, she has missed everything to do by herself, go to church without someone from church carry her this is including to bathroom, walking to visit her neighbors, friends or go to somewhere else, she has no someone from her families help to carry her because her only little daughter living with her, she using a sticker by dragging her both legs to move to bathroom or a little around her bed only. She always lay down or sitting on bed alone waiting her daughter help to bring food and water for her all the time. The wheelchair of hope can help her more easily go to church every Sunday, moving around the house, visiting other relative and neighbor, help herself and the daughter that she is living with doing something without waiting someone come to help in bring food and water to her.

CMC, all disabilities people and their families want to thank everyone in Japan who helps sending wheelchairs to help our people in Cambodia. We want to thank especially to the Wheelchairs of Hope, you have given our people hope and you put a smile on their face, most importance of all you give them the ability to move around. Thank you very much from the bottom of our heart, we pray that you will continue to send more wheelchairs to help our people in Cambodia

May God bless you and your ministry in Japan
