### House Building Project Report

house. We are currently completing a 6th house. The house measures 26' by 13' with a ceiling in the bedroom area for heat protection. The house consists of a 13' by 16.5' bedroom, 5' by 13' kitchen, and a 5' by 13' seating area. An 18" thick concrete foundation supports the building. The receiving family is made up of Mr. Phoung Phak, age 29, husband of Mab Montha, age 28. They have three children, Phannin, a daughter, age 8 in 2nd grade; Phannak, a daughter, age 6 in 1st grade; and Sophun, age 4. The parents have limited daily income of \$3.75 to \$5 working from dawn to dusk as laborers for

On February 5th, 2021 Cambodian Ministries for Christ began building a house for a disadvantaged family.

The house project is a gift from the charitable funds of our brothers and sisters in Christ and the churches in the USA through Cambodian Ministries for Christ. We have constructed 5 houses previously, at a cost of \$2500 each for a metal

people who need their services. Their work varies from construction work, planting and harvesting potatoes, rice farming, and other occupations depending on the needs of the people who hire them. Sometimes they have no income and no food on that day. Since the day they were married they have not been able to afford a house.

The husband and wife are followers of Jesus and faithfully attend services at Srae Nouy Church, lead by Pastor Moam Sam Oeun. After Sunday church services they go to work in their village.

Cambodian Ministries for Christ and this family thanks everyone who sent money to help people in

Cambodia. You have given our people hope and put a smile on their faces. Most importantly you give them the ability to live. Thank you very much from the bottom of our hearts. We pray you will continue to send money for house buildings to help our people in Cambodia in the future.

May God bless you and your ministries in the USA.
